PL Medical’s dosimetry badge service is at the forefront of customer satisfaction. PL Medical introduced **No Hidden Fees** to the industry, and continues to innovate to simplify all aspects of the service for our customers.

Using TLD badges (also known as x-ray badges or radiation badges), PL Medical ensures the safety and well-being of our customers. TLD is an industry standard and has many benefits over some of the other technologies on the market.

**Areas We Serve**

- Healthcare
- Dentistry
- Education
- Industry
- Veterinary
- Government

**Experience the PL Medical Difference**

- Trained live customer service representatives to immediately take care of your needs.
- Simplified billing with no hidden fees.
- Accurate reports. If any reading exceeds NRC safety standards you will be notified immediately.
- Manage your dosimetry service via our myTLDaccount online service.
- Timely delivery of dosimeters to your doorstep.
- Our dosimeters are small, lightweight and easy to use.
- Accredited by the National Voluntary Laboratory Accreditation Program (NVLAP)
